About the recommendation process: The Better Schools Kentucky Committee of JCTA examines each candidate's support of public education. This committee, whose members are comprised of teachers, evaluates incumbents' voting records on public education issues, reviews candidates' answers to written questionnaires or interviews the candidates. After considering all of this information, the committee recommends candidates who are strong advocates for children, teachers and public education; candidates who will listen to the concerns of classroom teachers; and candidates who feel as we do that teachers and public schools are important.

2018-2019 Better Schools Kentucky Committee: Mary Thurman, Chair; Tammy Berlin, Vice-chair; Katie Cohen; Sara Downs; Gwen McDaniels; Eric Evans; Amy Biggs; Dale Warren; Royce Whitman; Joyce Mayes; Josh Kumm; Laura Herder
